OVERVIEW

Situated in desirable Calypso Bay Resort, and offering breathtaking sunset and sea views, Sweet Retreat defines relaxed island living. Open concept living/dining/kitchen area flows to a spacious covered deck, perfect for alfresco dining, and a refreshing plunge pool.

The villa's main level also has a bonus addition which would make an ideal home office, artist studio or fourth bedroom. Sweet Retreat has all the bells and whistles, from a custom local stone deck, Culligan 'whole house' water filtration system, solar lighting around the perimeter, hurricane shutters, smart security system, retractable screen doors, roll down custom sun shades on deck, new stone wall enveloping the front of the property, Robert Allan custom window treatments, Italian kitchen, and the list goes on and on.
