

GARDEN COTTAGE 6 - ST. THOMAS LOWLAND, NEVIS

GARDEN COTTAGE 6

OVERVIEW

Cooled by vaulted ceilings, air conditioning and multiple ceiling fans, the cottages are the perfect retreat after a day passed hiking on the jungle-clad peak or lazing on the white sands. Close to the finest beaches on the island and with some of Nevis' most popular restaurants within easy walking distance, the cottages are ideally situated tucked back from the quiet road that circumvents the island. With the equestrian centre as a near-neighbour, there is the ready lure of a romantic evening spent horse riding in the shallows of the warm Caribbean sea.

Nestled in the heart of the gardens is an expansive covered barbecue area making Clifton Gardens the perfect base for larger groups and extended families looking to spend time together. The seclusion of the individual cottages ensures privacy, peace and tranquillity for those after a secret hideaway in an accessible, advantageous setting.

AMENITIES
