VILLA NANA - ST. THOMAS LOWLAND,NEVIS

VILLA NANA

OVERVIEW

Villa Nana is located a couple of minute drive from the beach in the quiet neighbourhood of Clifton Estate. The home sits on 1.5 acres of land, and the lush, carefully designed garden provides a sense of privacy and retreat for the main house as well as the guest cottage located at the edge of the property. Spectacular views of St. Kitts and the Caribbean Sea can be admired from the inviting porch area.

The home’s bright and airy main living area includes a fully equipped kitchen with a breakfast bar, a seating area, powder room, and a beautifully crafted library with built-in bookshelves and reading space. The large windows, glass doors, and high ceilings throughout the home fill each room with natural light. Quiet moments looking out into the garden can be enjoyed from the window seat in the large master bedroom, which also has an en suite bathroom and generous closet space. Double doors open directly onto the porch area. The two guest bedrooms share a spacious bathroom and are also equipped with large closets. Double doors from one of the guest bedrooms also open onto the porch. Elegant and unique decorative touches are found throughout the home.
